

Name _____ Period _____

Organelle City Summaries

Now that you have listened to other students' presentations, pick the building that you feel best represents each organelle and EXPLAIN why it will help you to remember that organelle's function.

****Note: You CANNOT use buildings from your own presentation.****

1. Nucleus
 - Building:
 - Because:
2. Vacuole
 - Building:
 - Because:
3. Lysosome
 - Building:
 - Because:
4. Cytoskeleton
 - Building:
 - Because:
5. Ribosomes
 - Building:
6. Endoplasmic reticulum
 - Building:
 - Because:
7. Golgi apparatus
 - Building:
 - Because:
8. Chloroplast
 - Building:
 - Because:
9. Mitochondria
 - Building:
 - Because:
10. Cell membrane
 - Building:
